Hello Members

A great March which included a visit to the Carpet Museum and a very informative appraisal evening hosted by Jim

April subject of the month is WET in WET

6thDemonstration by Julie Matthews.

Artist Julie Matthews favourite subject is the British Landscape, influenced by her travels around the UK. Since January 2016 she has embarked on a personal challenge to complete a painting a day, to encourage herself to work faster, develop her methods and include a wider range of subject matters. She mixes traditional elements with bolder more abstract styles and methods, often abandoning brushes, using her hands and sponges and anything else to hand, she paints in a range of mediums but with a preference for watercolours and acrylics. This will be a very interesting evening so don't miss it!
